

# BULK BAG LIFTING FRAME SPECIFICATIONS

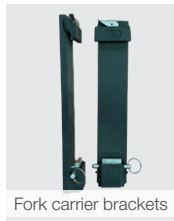

The FBCS15 Bulk Bag Lifter is a slip-on attachment for lifting, loading and transporting loaded bulk bags by forklift. Designed for flexibility, this unit can be separated for direct carriage use.

## Features:

- Allows bulk bags to be easily moved around the worksite or loaded into a container
- Bulk bag is secured via 4 hooks on upper frame for safer handling
- Designed to maximise lift height
- Slip-on carriage converts the lifting frame (and other carriage mount attachments) into a slip-on attachment for quick, easy connection to the forks of a forklift
- Spring loaded locators and quick release bottom hooks are fitted to the lifting frame for fast connection to a fork carriage
- Enamel paint finish

Lifting Frame with fork carrier brackets fitted allows mounting to a fork carriage

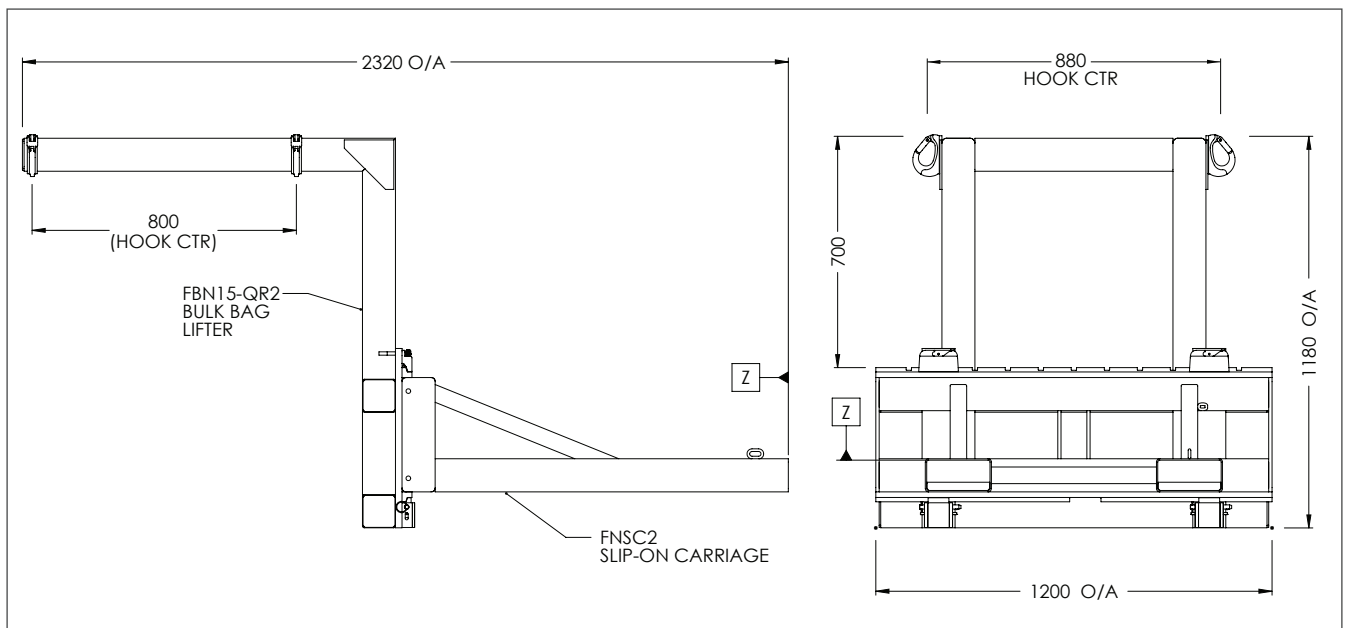

Fork carrier brackets

Slip-on Carriage allows attachment to be connected to the forks of a forklift
