

REEFER CONTAINER RAMP SPECIFICATIONS

The FCR65RR Reefer Container Ramp is designed for bridging into a refrigerated shipping container from ground level to allow loading and unloading of the container by forklift.

Features:

- Allows forklift access for loading and unloading of a refrigerated container
- 1.8m ramp length allowing easy placement and removal of pallets in a container
- Fitted with handy flip-up pockets to enable safe transport
- Safety chains ensure a safe connection to the container while in use
- Reinforced underside to eliminate steel fatigue
- Enamel paint finish

Working Load Limit (WLL)	6500kg
