

BIN COMPACTOR ATTACHMENT MFCA66 SPECIFICATIONS

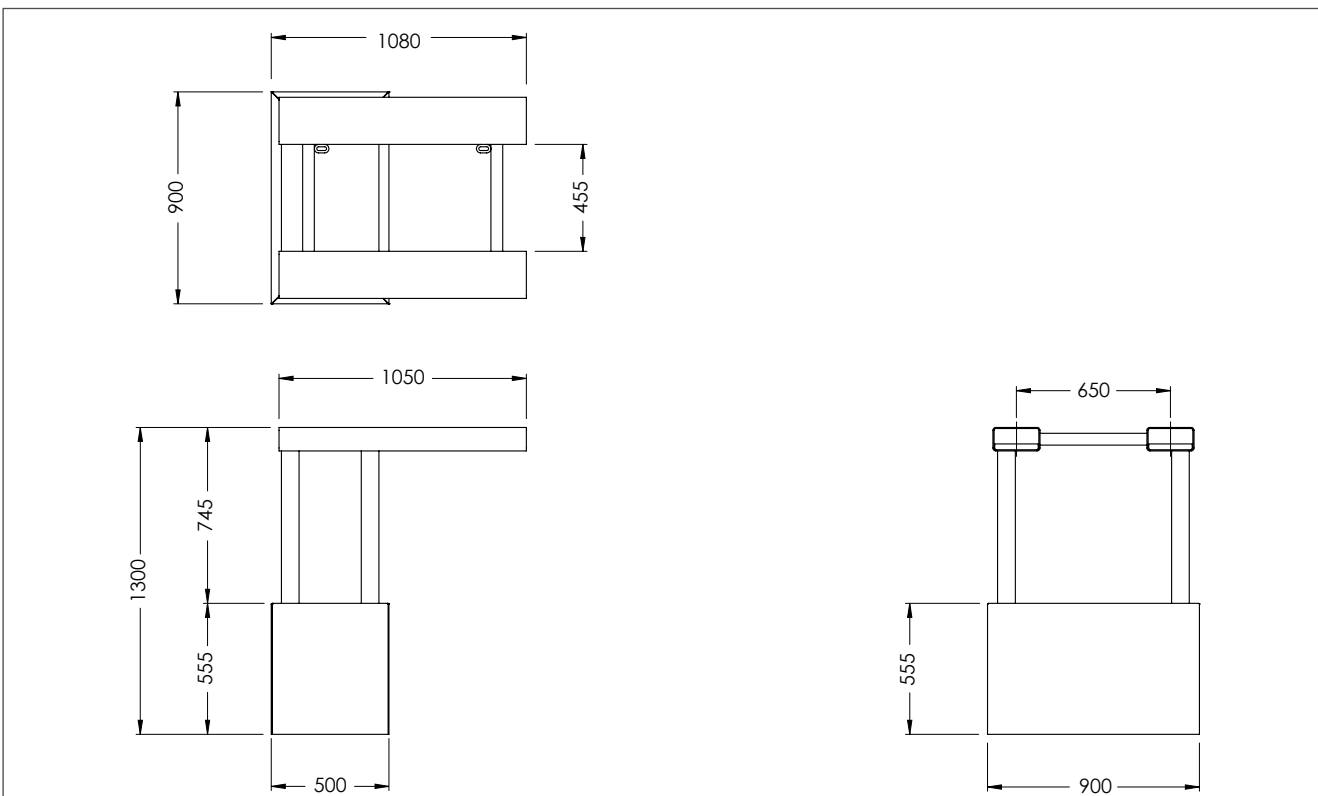

The MFCA660 Bin Compactor is designed to safely and effortlessly compact bulky waste products such as cardboard and plastic with approx. 660kg weight.

Features:

- Used to compact bulky waste products
- Suitable for use with 660L wheelie bin or larger
- Eliminates the unsafe practice of treading down loose waste
- Slip-on attachment and safety chain for quick connection to a forklift
- Increased bin capacity helps lower waste removal costs
- Also available in model MFCA110 to suit 1100L bins
- Enamel paint finish
